## **Letter of solidarity to the Christian churches in Egypt**

Dear Egyptian Brothers and Sisters in Christ,

The National Council of Churches in Denmark is greatly concerned by the violence you are experiencing in Egypt. We are especially concerned with the situation among Christians experiencing attacks against their communities, churches and properties.

We pray for peaceful co-existence and partnerships among all people in your country, recognizing people of all faiths as equally legitimate citizens building up a nation of true democracy, and accepting the diversity of political opinions and religious beliefs. May the violence stop immediately and may you as Christians regain your right to live in peace and dignity in Egypt, where you have been throughout history.

We are with you in our prayers and daily thoughts. May God be with you.

On behalf of The National Council of Churches in Denmark,

Dean Anders Gadegaard, Chairman  
Rev. Mads Christoffersen, General Secretary

*The National Council Churches of Denmark is a council of 15 different Protestant, Catholic and Orthodox Churches.*
